(1) High Risk Zip Code Areas - Represent risk area for poor birth outcomes.

(2) SCNY-South Central NY Region of Broome, Chenango, Cortland, Delaware, Otsego, Tioga & Tompkins Counties; Upstate NY - Upstate NY aka as Rest Of State (ROS). Excludes the New York City region of Bronx, Kings, New York, Queens & Richmond Counties; NYS-New York State; HP-Healthy People 2010 Objectives. NYC data available by request.

(3) VLBW equals <1500 g / <3.3 lbs. LBW equals <2500 g / <5.5 lbs.

(4) Infant Death Rate for SCNY is an average of all 7 counties individual rates per 1,000 births.

(5) Unintended Pregnancy - Defined as "wanted to be pregnant later" & "did not want to be pregnant". Data compared to voluntary sample size (SCNY avg 69.4%) for 2005 Live Births to Residents total population. Data compiled at time of birth via Electronic Birth Certificate data.

(6) PCAP/MOMS Program Participants - Data recorded at first pre-natal visit by PCAP/MOMS county location. SCNY is a six county average as no Delaware County PCAP.

(7) Child Health Plus A&B - June 2007 CHP A (TANF & Safety Net Children for MA & MA with Subsistence for Ages 0-21) plus December 2007 CHP B.

(8) Estimated Uninsured - Data released July 2005 based on 2000 Census.
